Wet loose slides near Big Sky

Yellow Mountain Northern Madison 3/21/2020 Code WL-N-R1-D1.5 Elevation 9300 Aspect S Latitude 45.29950 Longitude -111.32000 Notes

From e-mail: "Natural wet slides [on 3/21]... caused us to back off our plan of heading that way and ski a north, shady <u>aspect</u> instead. On a southern <u>aspect</u> at 9000ft at 1:30pm we dug a hasty pit and observed a <u>weak layer</u> about 1m down. The facets were beginning to round." Photo: K. Master
