

From obs. 2/11/23: "...Also of note, as we traversed a corniced ridge later in the day, two of our group members simultaneously came too close to the edge of a cornice and it broke away, but did not fall down the slope. Fortunately, everyone was alright, but it was a close call..." Photo: E. Heiman

Advisory Region Northern Gallatin Longitude -111.00W Latitude 45.44N
