

Natural Avalanche in Beehive Basin

Beehive Basin
Northern Madison
3/2/2024
Code
NC-R2-D2-I
Aspect
E
Latitude
45.34070
Longitude
-111.39100
Notes

From obs: "Noticed the pictured recent avalanche on an east facing [aspect](#) in the alpine of Beehive Basin. I would estimate it at a D2 size [slide](#). It seems to have been naturally triggered by [cornice](#) fall and likely stepped down to older [faceted snow](#) deeper in the snowpack."
