

Round Lake, wind and new snow

Date

Sun, 02/02/2025 - 17:35

Activity

Skiing

During a full day of ski touring near Round Lake, we saw about 4" of new snow. Hard to tell though because the wind was really blowing snow around. I saw two small shallow [wind slab](#) avalanches but vis was poor.

Region

Cooke City

Location (from list)

Round Lake
